# What's on the Package

| ITEM  | ORIGINAL PRICE PAID<br>\$ USD                | COMMENTS   |
|---|--|--|
| Sharp SL-3100 PDA   | US\$ 593 from<br>Pricejapan.com              | Got it in December. Almost New. It has installed English Cacko Full Version 1.23. All Packing and Original Contents (Sync Cable, Earphones, AC Adapter, CD's and Japanese Manuals) |
| PDair Leather Case and 3in1 Stylus for Zaurus + Ultraclear Screen Protector | US\$50 (28+12+10) bought in HK (PDair Store) | Almost New – 2 months old. The screen protector is new, in plastic bag, and there is another protecting screen placed in the LCD screen at the moment.                             |
| USB Host Cable  | US\$ 10                                      | To connect different USB peripherals, Add an USB hub and you can connect almost anything. New, never used. I have not had the time to use it.                                      |
| Ambicom Wi-Fi b CF Card   | US\$ 50                                      | Ambicom wireless networks (b) card. The Zaurus has installed some software to discover public networks. It's 4 months old  |
| Socket rev.B BT CF Card   | US\$ 99 at Amazon                            | To connect to Bluetooth hub or a phone. I actually get out to the internet thru my GSM cell phone. It's 2 months old   |
| IO Data CF XGA Card, Cable and Remote                                       | US\$ 110                                     | I got it at a discount. New, never used or configured, as I have not had the time to set up. Trisoft sells for US\$ 170  |
| <b>Subtotal @ New USD\$ Prices</b>  | <b>US\$ 912</b>                              | <b>This is everything at “new” prices, of course, now that is used and it cost less, that's what we have to figure out.</b>  |

Let me know if you want all or just part, and how do you price your stuff so we can see what the difference is.
